FIG. 22

The image displays a highly textured, high-contrast black and white surface. It features a dense, vertical pattern of fine lines and dots, resembling a woven fabric or a heavily grained material. The texture is most prominent in the central and right portions of the frame, where the vertical lines are more distinct. The left side of the image is darker and less defined, possibly indicating a shadow or a different material. The overall appearance is that of a close-up of a book cover or a similar textured object.
